

## **TEES REGATTA 2009**

### **CAR AND TRAILER PARKING ARRANGEMENTS**

Development of the North Bank continues but the modifications to Riverside and Church Road are now complete. A number of the roads that you may have used in the past have been modified and the roads now form a gyratory system. Access to RTWC is still via Dugdale Street as it has been in the past. The arrangements for this year's regatta are outlined below.

#### Parking Locations

The RTWC Car Park will be reserved for boat trailers. Personnel will be located in the RTWC car park to assist with the moving of trailers. Further parking for trailers will be along the road parallel with the waterfront.

Disabled drivers will be directed to park on the road down to the waterfront.

Car parking for those with boats on roof racks will be on the far side of RTWC, with access as far as the gate.

Car parking will be available on the new road parallel to the waterfront at the bottom of Dugdale Street and on Dugdale Street.

Alternatively, car parking is available on Teesdale at the southern end of the Princess of Wales Bridge. Access to the bridge is off the gyratory system. Pedestrian access back to RTWC will be over the bridge and along the towpath.

Access beyond the bottom of Dugdale Street will be controlled. Please leave the entrance to the 'Construction Compound' clear.

#### Emergency Vehicles

At all times please park in a way that will allow Emergency Vehicles access to the waterfront, allow other local users access (beyond RTWC) and to enable vehicles and trailers to leave during the day.

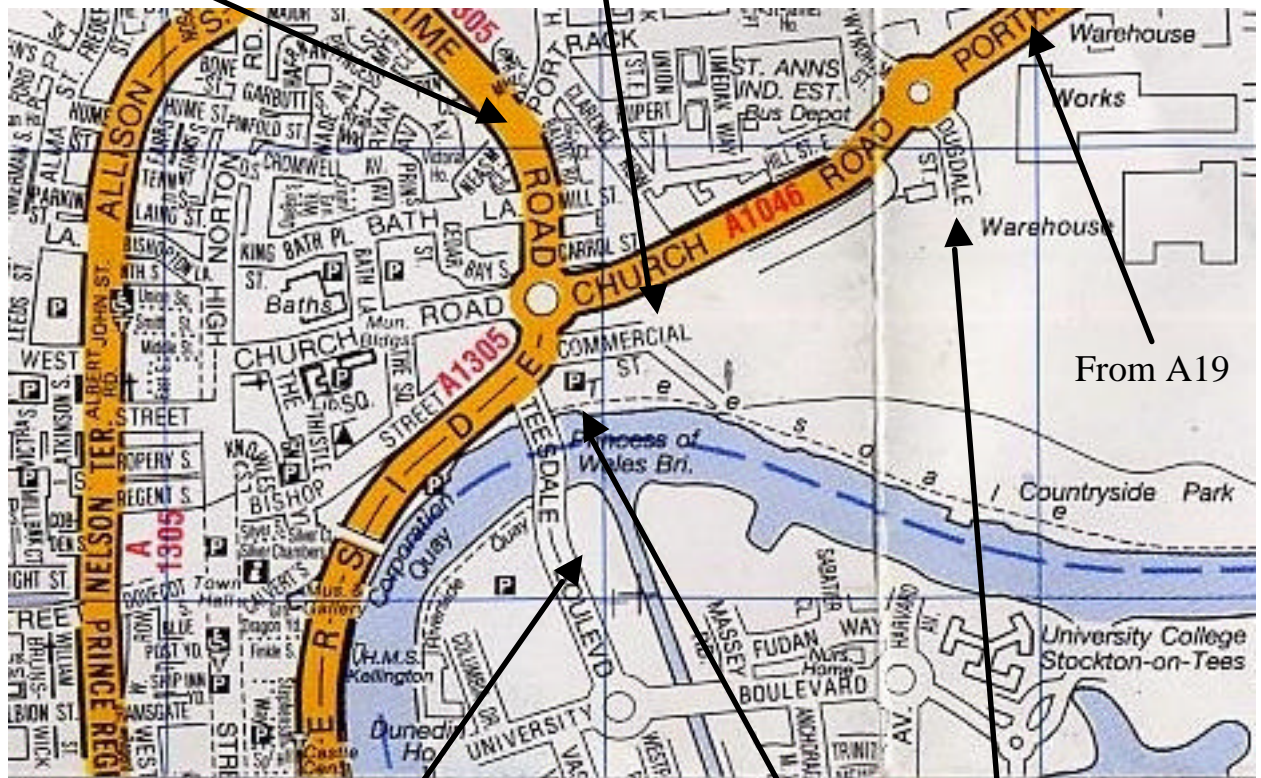

Please note that if you leave valuables in your cars and minibuses, make sure that they are out of sight. Tees Regatta cannot accept liability for any loss associated with these parking arrangements.

# TEES REGATTA

## CAR AND TRAILER PARKING

When arriving from the North, use the gyratory system..

New gyratory system

From A19

Access on foot via towpath

RTWC off Dugdale Street

Car parking beside the Boulevard or in Dickinson Dees, RMC and Cavendish House car park (Free).
