

TEES LDS & SBH 2009

CAR AND TRAILER PARKING

Parking for trailers and cars with boats will be along the new road off Dugdale Street (on the way to the Centre). This will also be for cars once the RTWC car park is full. Please leave access for Emergency Vehicles.

The RTWC Car Park will be for the use of cars, disabled drivers and officials and is accessed via Dugdale Street. When this is full, alternative car parking will be available on the roads used to access RTWC. There is also the official town long stay car park adjacent to the river side. Access back to RTWC will be along the towpath.

Please note that those travelling south from the direction of the A1 will use the gyratory system, just follow the signs for Middlesbrough (A1046). You will then find the familiar roundabout at the top of Dugdale Street. You cannot access RTWC directly from the gyratory!

PARKING ARRANGEMENTS ADJACENT TO RTWC
