

## **TEES ROWING CLUB – EVENT PARKING**

### **CAR AND TRAILER PARKING**

Tees Rowing Club events are held at the **River Tees Watersports Centre (RTWC), The Slipway, North Shore, Stockton-on-Tees TS18 2NL**.

Access to the club is via Dugdale Street or straight from the main gyratory at the west end of North Shore Road. We have several car parks available to us on the day (all very close to RTWC), and to make best use would appreciate all users following the guidance below. Parking attendants will be on site to assist.

*Please note there is **NO** parking available on the roads surrounding the RTWC as the road is fully open to traffic and double yellow lines are in place.*

### **Trailers and cars with boats (maps 1 and 2)**

The RTWC car park is exclusively reserved for trailers with boats only. This is very limited, allocated on a first-come first served basis - once full, trailers will be directed to use the land immediately to the west of RTWC marked on the maps as "Trailer Park". Cars with roof mounted boats will be directed to use the Trailer Park (not RTWC). Please make sure that you take all litter with you or use the large bins provided in both parks.

### **Competitors arriving by car (maps 1 and 2)**

Competitors arriving by car are asked to use the "Fusion Hive" office car park (shown on Maps 1 and 2). Please respect any reserved or restricted spaces. Once full, competitors will be directed to use the Dugdale Street car park.

Parking for disabled badge holders is available at the Fusion Hive car park.

### **Spectators arriving by Car (maps 1 and 2)**

Spectators arriving by car are asked to use the "Dugdale Street" car park (shown on Maps 1 and 2). If required, overflow parking for cars may be made available at the Trailer Park once the trailers have arrived.

Parking for disabled badge holders is available at the Fusion Hive car park

### **Additional parking**

If all the main car parks are full, additional parking is situated at the Barrage on the south side of the river, accessed from Navigation Way (TS17 6QA) which loops around and under the bridge crossing the barrage. It is a short walk along the footpath and across the Infinity Bridge (a good vantage point to watch the racing on Regatta Day). There are also several pay and display car parks close to RTWC.

### **Emergency Vehicles**

At all times, please park in a way that will allow emergency vehicle access to the Centre and the waterfront. Please also respect local road users and enable vehicles and trailers to arrive and leave throughout the day.

### **Valuables**

If you leave valuables in your vehicles, make sure that they are out of sight. There are a limited number of lockers in the changing rooms at RTWC which require an old £1 coin or token (returned after use). Tees Rowing Club does not accept any liability for any loss or damage associated with these parking arrangements.

**MAP 1 – Parking**

*Fusion Hive car park (prioritised for competitors)*

*Dugdale Street car park (prioritised for spectators)*

*Trailer Park (towed trailers, towing vehicles and roof mounted)*
