Your Personal Health

You should have sufficient exercise ability to increase your heart rate, help move oars and boats, and to get in and out of boats (the equivalent to getting on and off the floor). Some conditions such as asthma and diabetes, for example, do not prevent individuals participating in the sport, but you do have a duty to declare any condition that might put yourself or others at risk. If you have any health information relevant to your safe participation in rowing, please contact the Club Welfare Officer directly and in confidence at teesrc.welfare@gmail.com

This information will be held securely and accessed only by the Welfare Officer and Safety Officer.

Your Swimming Ability

For your own safety it is important that you are a competent swimmer. At a minimum you must be able to swim 50 meters in light clothing. If you cannot, you must always wear a life jacket or buoyancy aid when in a boat.

Declarations

- I have read and understood the Personal Health statement above and I agree to inform the club Welfare officer of any medical conditions, medication, or health information relevant to my safe participation in rowing.
- I **can/cannot*** meet the minimum swimming requirements as detailed in the statement above.
*(Delete as applicable)
- I have read the Club's rules, codes and policies (available at www.teesrowingclub.co.uk/club-documents) and agree to be bound by them.

Applications from under 18 year olds must be signed by a parent or guardian
